DUNDEE DIRECTORY.

GENERAL NOTICE.

THE outbreak of the present War found the City of Dundee acting as host to The British Association. The membership of that meeting had reached 3,190, one hundred more than were ever registered at a meeting in Scotland of the Association. The scientists departed, many of them to key posts on the Home Front. Dundee set about producing sandbags, and saying au revoir to thousands of her young men who were immediately called up; while it was significant of the importance of the city in the War Effort that Lord Provost Phin was appointed District Commissioner for Civil Defence for the Eastern Area of Scotland. In compliment to that War Effort and in our belief in the ultimate victory of British Arms we publish as our frontispiece a portrait of our Prime Minister, the Rt. Hon. Winston Churchill.

OUR INDUSTRIES.

The aeroplane has now made War a case of everybody being in the front line, and the jute industry became unusually active in the production of fabric for sandbags and other things connected with defence. The mills and factories were very busy indeed and employment was resultantly brisk. Shipyards and engineering works have also, of course, been working to capacity, while many smaller businesses have been able to adapt their plant in such a way as to construct equipment of one kind or another for the purpose of both attack and defence. Naturally, building has suffered, but that trade has had a certain amount of relief from the depression in the construction of Air Raid Shelters. Unemployment figures have been low enough to constitute a record.

EDUCATION.

The closing of the schools and the evacuation from the city of large numbers of children entirely revolutionised the teaching situation. But it should be put on record that many patriotic householders (and these not necessarily wealthy people) put rooms in their houses at the disposal of teachers, and small classes were carried on with great success in such temporary "classrooms." Outstanding event in the scholastic world during the year was the appointment of a Dundee man, Professor Fulton, of the Chair of Engineering, to the Principalship of University College, Dundee. Mr Herbert V. Bonar, son of the late Mr George Bonar, presented a gift of £10,010 to Dundee School of Economics for Library, Equipment, Research, and Bursary purposes.

LIBRARIES.

The "Black-out" has not affected the number of library readers. Some 1,500,000 books have been issued during the year, and readers' cards amount to some 50,000. The largest gift of pictures to the galleries is the Frank Brangwyn collection, which consists of 206 oil paintings, etchings, etc., presented by the artist. Pictures purchased by the Committee include a Royal Academy exhibit by J. M'Intosh Patrick, entitled, "A City Garden, Dundee," while the artist's Trustees presented a painting by Sir David Murray, R.A.

PUBLIC SERVICES.

The public services have been affected by the "Black-out" conditions, but despite this, Dundee Corporation Transport has exceeded last year's record by almost 700,000 passengers, and shows an increase in revenue of approximately £5,000.

While the number of calls on the Fire Brigade showed an increase, the actual loss from fire in the city shows a decrease of 33⅓%. The Fire Brigade have been very busy training additional staff.

Police returns show a slight increase in crime, and it is an interesting commentary that 29% of the total number of offenders were under the influence of liquor.

THE QUEEN'S VISIT.

Her Majesty the Queen visited the city on 2nd March. 1940. She drove from Glamis, and spent some time in the

Lord Roberts' Memorial Workshops, the first-aid post in Blinshall Street, and W.V.S. Headquarters in the City Chambers. Her Majesty had been spending a short holiday with her father, the Earl of Strathmore, at Glamis Castle, and she laid a wreath on her mother's grave in the family burying-ground in the Castle policies.

NOTABLE CENTENARIES.

One hundred years ago, on the 26th of April, 1840, the barque "Selma" brought the first cargo of raw jute into Dundee harbour; and in May the centenary of the invention of the Adhesive Postage Stamp was celebrated. James Chalmers, the inventor, was a Dundee printer who was buried in the Howff. As a celebration of this centenary, an exhibition of British Empire Stamps, sponsored by the Dundee Philatelic Society, was given in the Albert Galleries. It cannot be looked upon as a happy coincidence that in the year of the celebration of this centenary, war taxation has necessitated the increase of the postal rate on letters to 2½d. It is interesting to note that among the books that Mr Chalmers issued from his press was the Dundee Directory.

1st April, 1940, marked the centenary of the opening of the Dundee and Arbroath Railway. It was in 1835 that Lord Panmure called a meeting at the Windmill Inn (the half-way house between Arbroath and Dundee) to discuss the project. A station was built at Craigie, and a train actually ran between there and Arbroath at the end of 1838. The extension to Dundee East Station was completed two years later and the railway was officially opened on 1st April, 1840.

LEGACIES FOR CHARITY.

Some £30,000, being the residue of the estate of the late Miss Elizabeth Sinclair M'Gregor, has been left for division amongst charitable institutions in the city, while the Trustees under the Deed of Gift of the late Lord Armitstead have made many payments. Endowments have been made to the Infirmary by the Trustees of the late Miss Jean A. Grant and Miss Isobel Ogilvy, and by the family of the late Mrs Annie Law or Rettie; while legacies have been left by the late Rev. James Lindsay (£3,200), James Headrick (£3,800), Mrs Agnes Menzies (£2,457 2s 10d), and William A. Forrester (£2,451 9s 10d).

The collection made by the Students' Charities Week amounted to £1,281 4s 8d, that of The Women's Auxiliary to £528 5s 5d, and Queen Alexandra Rose Day to £993 13s, while £4,065 14s 2d was received from patients and their relatives.

OBITUARY.

It is not possible at the moment to print a list of these gallant Dundee men who have given their lives for King and Country during the past year, but we give them first mention in this obituary. Since our last issue, two ex-Lord Provosts of the city have passed away in the persons of Sir Alexander Spence and William Huntley Buist, while we have to record the deaths of Councillor D. R. Kidd and ex-Bailies James Lockhart, Adam Malcolm, and D. T. Patterson. The Church has lost the Rev. H. C. R. Cunnynghame, the Rev. Thomas Mackie, the Rev. G. R. Macphail, and Canons Russell and John Roche; the Medical Profession, Doctors Robert Miller and W. Noble Walker. Amongst other prominent citizens who have passed away are Mrs John Sharp, Mrs Templeman, and Messrs H. T. Baxter, Wm. Ballingall, D. P. Laird, D. W. Scott, T. H. Smith, and A. J. Ramsay.

STREET DIRECTORY.

See List of Streets, Squares, &c., at beginning of Directory.

Numbering of Streets.—In Dundee it has hitherto been the practice to number the Streets with the odd numbers on the *right* hand side of each street, and the even numbers on the *left*. In the Directory, therefore, the names have been arranged in the same way—the *odd* numbers first, 1, 3, 5, 7, &c., then the *even* numbers following in the reverse direction, as 8, 6, 4, 2. The Broughty Ferry Streets, however, are so arranged that the order of the buildings begins on the *left* hand side of the street, returning on the *right* hand side in the reverse direction. This should be kept in mind when consulting the Directory.

The List of Streets, Squares, &c., on page 18 (which has reference letters to denote the position of each street on the Plan of Dundee, and reference numbers and letters to indicate Registration Districts and Ward Boundaries) will be found serviceable in determining the situation of any required locality.

DUNDEE ROYAL INFIRMARY.

THE support of the Voluntary Hospitals is a common duty and privilege. Their existence depends upon Voluntary Contributions. Every citizen of Dundee and every resident in the County of Angus and in large areas of Perthshire and Fifeshire derives benefit, directly or indirectly, from the services provided by Dundee Royal Infirmary. Hence the obligation to support this great Institution, regularly and generously, rests upon everyone. Are you doing your share?

Every citizen who can do so should become a Governor of the Infirmary by making a personal annual subscription of One Guinea or more. Every employed man or woman should be contributing a copper or two weekly through his or her place of employment. Housewives can contribute through the annual house-to-house collections. And the various special appeals such as Hospital Sunday, Alexandra Rose Day, etc., should be supported to the best of your ability.

The endowment or naming of a bed or cot in the Infirmary provides a fitting and lasting memorial to a departed relative or friend. A bed or cot may be endowed for £1050, or named for £210. Subscriptions and donations should be paid to, and further information can be obtained from the Treasurers—

R. C. THOMSON & MURDOCH, C.A., 64 Reform Street,

or from W. F. FERGUSON, Secretary, Royal Infirmary.

The essential running costs of the Hospital have risen enormously in recent years and the need for increased support is urgent and vital. Please give this appeal your earnest consideration and do what you can to help.

The Care of Silver

Silver is not difficult to keep if a few simple precautions are observed.

1. Don't put Silver away damp or dirty.
2. Don't put Silver near damp salt or anything containing sulphur, such as new cloth or rubber.
3. Don't use rough metal polishes for Silver.
4. Don't rub the dust in when polishing.

The simplest way to clean Silver is to use "RAMPOL" Silver Cleaning Mixture, specially prepared on my own premises.

First remove all dust and dirt from the Silver, shake the bottle of Rampol and pour some on a piece of chamois skin or a soft cloth, rub away all tarnish and scratches from the Silver, then wash thoroughly in hot water and a little soap. Dry thoroughly and polish with a soft chamois skin. For chased or pierced articles use a brush. To get an extra high polish use a paste of non-mercurial rouge and water instead of Rampol. For odd jobs "Rabok" (Cottonwool impregnated with rouge) or a "Towntalk" silver plate cloth are useful.

Keep all cleaning utensils free from dust.

"RAMPOL"	-	1/- per bottle.
"ROUGE"	-	1/- and 6d per box.
"RABOK"	-	1/3 per package.
"TOWNTALK"	-	9d and 1/6 per cloth.
"VELVEX"	-	6d and 1/- per cloth.

Chamois Skins and Brushes according to size.
